Q/ What can you tell me concerning this case?

A/ On Saturday, 3-22-97, I was working the 4 to 12 tour assigned to RPC 1914. At approximately 6:10PM, RPC 1918 called on Police Radio requesting a supervisor and I was nearby so I went to see if I could assist. At 146 N. Millick Street, I arrived and observed P/O PROSSER who had a Black male lying down handcuffed on the porch. P/O PROSSER told me to go through the front porch window of the house that was open. He said that there was a dead body inside. I went inside and saw that P/O CANNON, who was already inside the house, was all right. P/O FRANKLIN was also inside the house. There was a female, identified as Delicia Monet HARE 25/B/T, residence 4034 Ford Road, Apartment 2, inside the house and she told me that there were kids upstairs in the house. I could hear them, upstairs crying. Everything looked under control inside the house so I went outside on the porch with P/O PROSSER who was holding the prisoner. I helped him search the prisoner and place him in the patrol car. I then started a Crime Scene log and remained at the scene until I was told to transport the kids to the Homicide Division. I brought Delicia HARE who had two 3 years old girls and a 16 month old girl.

Q/ Did you recover any evidence at the scene?

A/ No.

Q/ Did anybody tell you what happened at the scene?

A/ No.

Q/ Did the prisoner say anything to you while he was in custody?

A/ No.

Q/ Is there anything else that you want to add?

A/ No.
