Gatesville, TX 76599

Dear Ms. Shaw

Please accept my apology for the delay in answering your request for an affidavit of findings in your case. It has been eight years since I worked for Mr. John Heath on your case and unfortunately, after two moves on my part, I have not been able to recover any documentation relating to the work I performed in your case.

Although portions of Mr. LaVergne's affidavit provide some recollection of the issues, I am uncomfortable with providing a sworn affidavit related to data and observations made in 1996 for which written documentation does not exist.

I can tell you I had criticisms of work either not performed or not documented by the police. This included a technique called a psychological autopsy which is used to determine the mental state and probable intent of the victim. This was not accomplished. In addition, I can confirm I was available and would have testified had I been called upon to do so.

If you need any further information, please let me know.

Sincerely,

Gerald Piechocki
