In Reference to William Brown, I am and have been friends with William for many years. The last time I seen Diggy he was serving a 2 year sentence in Cal... later my Aunt Mary Lee Brady informed me of him being back in jail for the Murder of a female who I couldn't believe simply because she was the only the best dear Neighbor she was involved in a secret like relationship that they were trying to hide from Mr Jackie Madbolt. My reason for knowing this is because Diggy and I are like brother friends that shared every thing with each other. Michael's brother Mike Mester is another person who is very much aware of there secret relationship because he was also one of William's very close friends. There are also many who saw them together at a party around the time. I know of there relationship because of personal observation of them.

II

One statement Mrs Tamara Blama stated was that the William and herself Dickson along with her all went to the beach together and that when William supposedly confessed the crime to her. I assure you that never happened because we have been at the beach together. I know of a fact cause Diggy and I have took there girls to the beach. Please see that Tamara is a big liar and would do anything to help herself.

Please note that Mr Jackie was and still is aware of the secret relationship of Michael and Mr William Brown. Jackie even drove by my house on many nights and days. I try and see if Diggy was there and start crying. Jackie Madbolt even confronted me about there relationship.

If there at all possible my x girlfriend was whom used - she also knows of Michael & Dickson being with each other.
